## BOARD OF WATER COMMISSIONERS

DANIELLE YORK  
President

HAROLD SULLIVAN  
Clerk

Ex Officio  
HON. JOYCE CRAIG  
Mayor

PHILIP W. CROASDALE  
Director

**\*NOTICE\***

**\*HUNTING PERMIT REQUIRED\***

**\*TREE STAND RULES & REGULATIONS\***

**\*BAITING NOT ALLOWED ON MWW PROPERTY\***

This system is being implemented so that we may gather data on hunting pressure level and location that will help with future herd management decisions.

**Hunting is an essential forest management tool and herd management is paramount to the regeneration of new forests, overall herd health (carrying capacity monitoring), and public safety (tick borne illness, deer car collisions, crop destruction etc...)**

Manchester Water Works has implemented a hunting permit system beginning September 2021. There is no charge and permits are good indefinitely for the time being. This may change in the future to an annual permitting system.

1. **No permanent tree stands.** No screw-in steps. No nails, bolts or other fasteners shall be used to attach stands or steps to trees. Free standing, climbing, ladder, and leaning stands are permitted as long as they do not damage any tree in any way. Stands may be locked to trees with a cable lock or vinyl-coated chain.
2. **Stands must be identified with the name and phone number of the owner.** Identification must be on a 2" X 4" or larger tag of contrasting color visible from the ground.
3. **If tree stands are employed** they must have Name of owner visibly secured and best method of contact. If used they must be removed within **two weeks** of the end of the season and may not be placed prior to **two weeks** of opening day. **All found outside of this time frame will be considered abandoned and will be dismantled and confiscated.**

**Please contact the Watershed Division for permits or information regarding permits.**
